

VISION LIFT

Motorised ceiling bracket for projector

DIMENSIONS

DESCRIPTION

The Vision Lift motorised stand has been specially designed to integrate discreetly and efficiently into both professional and residential environments, ensuring optimum management of your projector.

Thanks to its integrated motorisation system, it can be extended vertically by up to 1500 mm, offering great installation flexibility, particularly in technical ceilings where space and aesthetic constraints are decisive.

Its robust design allows a maximum load of 20 kg, while its 315 x 295 x 235 mm installation space is compatible with the majority of projectors on the market.

SPECIFICATIONS

Adjustable height

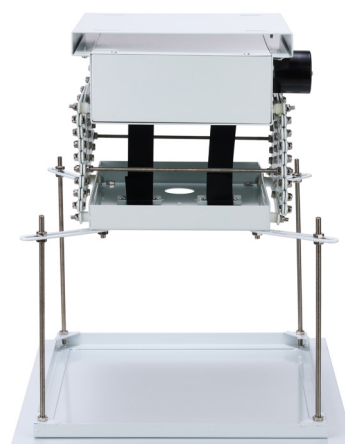

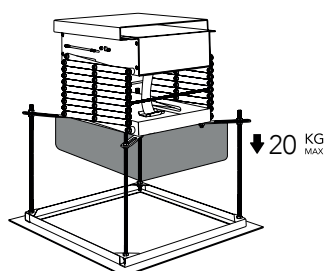

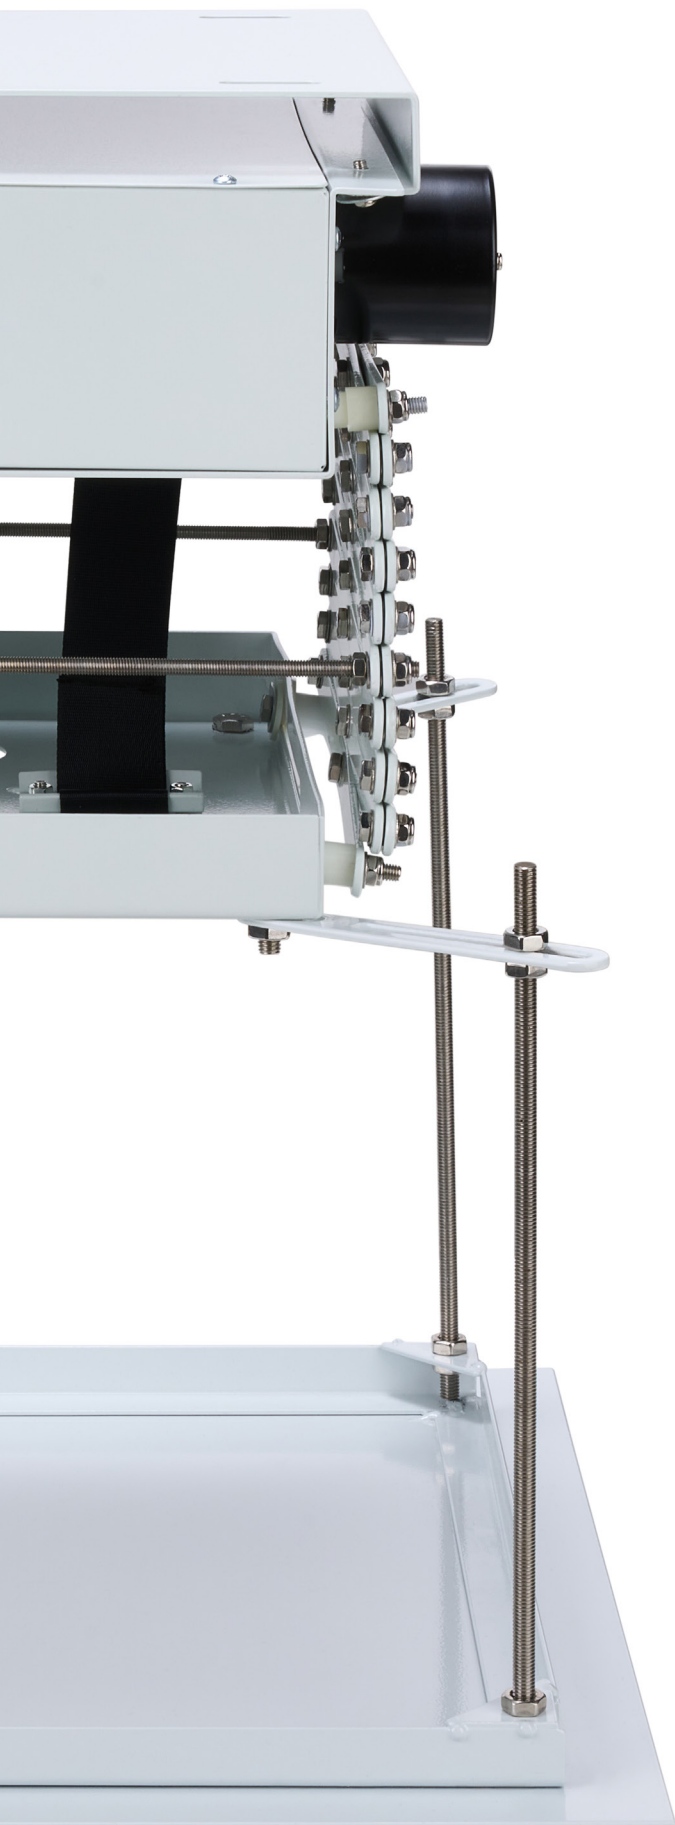

Motorised

Remote control included

MAXIMUM WEIGHT

DESIGN

Finish : *White*

MAXIMUM LOAD

Up to 20 kg

POWER SUPPLY

Power consumption : 130W

External power supply : 220V (*European standard*)
