DESCRIPTION

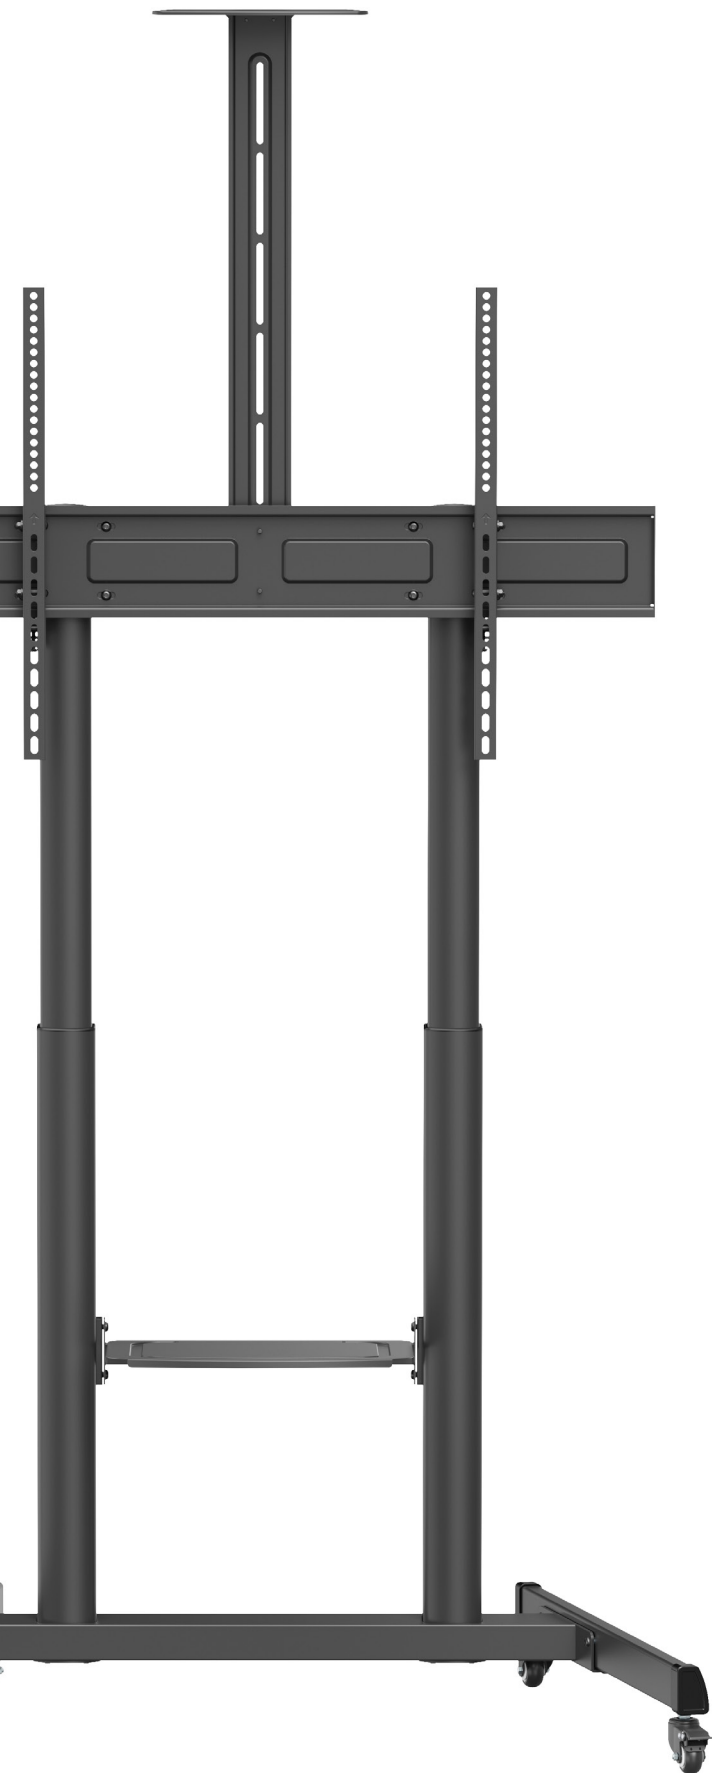

The flagship of the NorStone Pro range of TV stands, the Vision Max brings together the very best in functional design to meet the demands of the most demanding environments : businesses, universities, institutions and event venues.

Its ultra-strong steel structure ensures perfect stability, even for screens up to 100" and 120 kg, and is VESA-compatible up to 1000 x 600, while its spring-loaded Quick-Release system allows the height of the TV to be adjusted quickly and effortlessly.

Thanks to its tool-free adjustable tilt and landscape or portrait orientation, Vision Max can be adapted to any situation : presentations, videoconferences, digital signage, etc.

It also features an adjustable shelf for your equipment weighing up to 5kg and a height-adjustable camera platform for optimal video conferencing. Finally, its lockable castors ensure mobility and stability in complete safety.

A stand designed for professionals, where robustness goes hand in hand with flexibility.
