Key Benefits

Picture Processing | See billions of bright, natural colours on this TV, as our XR Triluminos Pro display unleashes the worlds colours, complete with real life vibrance. Powered by the XR Processor, this BRAVIA brings movies and series to life. The AI intelligence even upscales older movies to near 4K resolution.

The 100Hz panel with Motionflow XR increases the number of images seen every second for smoother high-speed motion, while expertly reducing unwanted blur for fast paced content.

Immersive Audio | Dolby Atmos and DTS:X are two audio technologies straight out of a cinema, now available in your living room⁽¹⁾. Our X-Balanced Speakers deliver clarity and Clear Phase ensures true acoustic harmony.

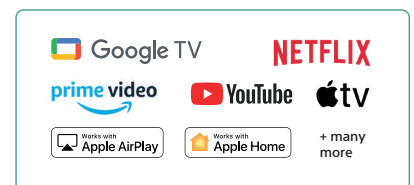

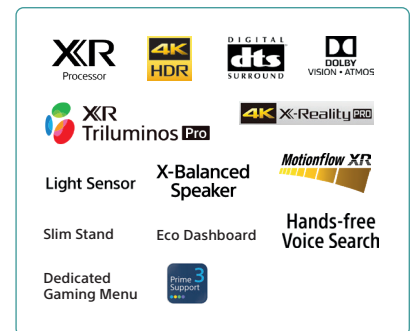

Smart & Refined Design | Form and function beautifully combine as our Flush Surface TV design and two-way Slim Blade Stand harmonise with your space for a clean, contemporary look. The remote is comfortable and easy to use.

The Entertainment You Love, In One Place | Browse 400,000+ movies/TV episodes and 10,000+ apps/games on this Google TV – using just your voice⁽²⁾. Share content to the big screen with Google Cast built-in/Apple AirPlay 2.

Enjoy 4K 120Hz Smooth Motion | Explore invincible gaming with our Game Menu and 4K/120fps/VRR/ALLM available as features of HDMI 2.1⁽³⁾. PlayStation 5 users will unlock more exclusive features, as well as the PS Remote Play app.

Eco Dashboard | The Eco Dashboard 2 puts your energy settings in one place for better efficiency and full control over your energy settings⁽⁴⁾.

Performance meets peace of mind | The fantastic picture & sound of our consumer TVs, with added peace of mind thanks to our Professional Service package and after sales support. 3 years standard cover, with an option to extend to 5 years.
